

Polypropylene Catering Half Pan

Build A Better Buffet

Customize Your Own Bar

Sabert's new Catering Half Pan Tray & Lid is the perfect container for pop-up food stations, build-your-own buffets and large family-style to-go meals. The durable polypropylene construction allows operators to prep, transport and serve hot food without bending or buckling. Designed with versatility in mind, Sabert's Catering Half Pan Tray & Lid are compatible with warming tables, chaffing racks and steam trays offering a presentation-ready look superior than traditional aluminum pans.

- **Durable:** extra-strength, ribbed polypropylene catering pan securely holds hot and heavy foods without bending
- **Performance:** robust and stackable designed to make back of house prep, transit and storage easy
- **Versatile:** ready to serve from container designed to fit in chafing rack and keep warm over stem tray
- **Sustainable:** Both tray and lid are made from polypropylene offering a completely recyclable solution for hot food catering

**Steam tray not pictured; Do not place over open flame*
