

PARTY PLATTERS

Elevate your Catering Menu

PARTY PLATTERS ON DEMAND

VERSATILE

Developed with versatility in mind, Stackable Party Platters can be used independently or in tandem as a 2-tier platter set offering a variety of different serving sizes

STACKABLE

Two sectional platter bases designed with a unique Stack 'N Serve® feature creates a 2-tier platter set and unlocks unlimited menu combinations

READY-TO-GO

Secure lid fit safely transports complete platter assembly making party platters for drop-off catering, curbside to-go, take-out/delivery and foodservice retail more accessible for the consumer

Sabert's To-Go Party Platters are the only modular catering platter system, designed for use across hot and cold menu items.

FEATURES & BENEFITS

4-compartment, extra-strength and ribbed catering trays ideal for party platters, appetizer samplers and food towers alike

Durable and heat-safe PP platter bases designed for food applications up to 240°F

Patent-pending Stack 'N Serve® feature creates a 2-tier platter set unlocking unlimited menu combinations

Centralized dip compartment works with Sabert's square deli tubs for cold dips, sides and sauces

Round and vented PP lid with leak resistance safely protects against leaks and spills for a mess free delivery

Square and vented PP and PET lid with splash resistance, helps control moisture and safely transports complete platter assembly

PARTY PLATTERS ON DEMAND

To-Go Party Platters by Sabert are a versatile line of single-section polypropylene catering trays. The extra deep platter base and low dome lid creates a compact and durable catering tray with versatility for use across hot and cold menu items. The large capacity is ideal for catering or family-style serving sizes and makes delivering a hot food catering experience more accessible for today's consumer.

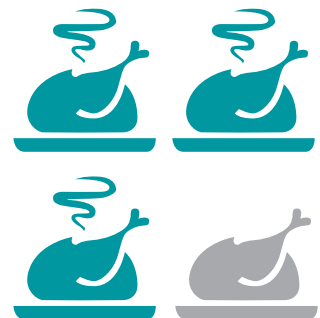

MORE THAN
1 IN 3

consumers agree catering packaging that lacks presentation and is unable to serve multiple people is a deal breaker.¹

1/2

of consumers say it is a deal breaker if catering packaging is flimsy and crushes food in transit.¹

3 OUT OF 4

to-go catering consumers typically receive their hot food hot, indicating that durable packaging for hot food is the most important part of the catering piece.¹
